jota kit 1389,1421 ORTHODONTICS

Remove brackets – simply and efficiently

Orthodontics is a constantly expanding sector in dentistry. The focus of orthodontic treatment is on aesthetics and conserving or restoring essential conditions for oral health. The two JOTA Orthodontic Kits were compiled in collaboration with orthodontists and have already been used in clinical practice. The kits contain all the instruments required for removing adhesive from the tooth surface.

jota kit 1389,1421 ORTHODONTICS

The JOTA Orthodontic Kit FG contains all the instruments required for an FG handpiece. (Kit - 1389)

C379 FG 018	
C379 FG 023
